### EXPERIENCE HIGHLIGHTS

---

- ❖ Designed, built, and maintained web applications utilizing HTML, CSS, JavaScript, and Bootstrap 4.
- ❖ Utilized the .NET Framework to develop MVC applications in C# and worked with a team of developers to create a website for a local theater company, using the Agile/Scrum Methodology.
- ❖ Built a functional basic console app in C# for the popular gambling game called Twenty One (Black Jack).
- ❖ Created an application in Python 3.9 and Tkinter that allowed users to update, add, delete, and edit records in a simple phone book of contacts.
- ❖ Using Python 3.9, I created a "file transfer" app that transferred files that had been created or modified in the past 24 hours to a remote location. Later added a simple GUI using Tkinter that allowed users to select source and destination locations.
- ❖ Leveraged SQL along with several RDMSs to develop and maintain application databases.
- ❖ Contributed to existing code bases as member of Agile/Scrum development teams that were primarily focused on Python and C#.

### SKILLS HIGHLIGHTS

---

**Programming/Development:** C#, Python 2.x/3.x, JavaScript, PHP, HTML/CSS, SQL

**Frameworks/Libraries:** .NET, ASP.NET, Entity Framework, Angular, React, Django, jQuery

**Databases:** SQL Server Management Studio 2018, MySQL, SQLite 3

**IDEs:** Visual Studio 2019, PyCharm

**Project Management:** Agile/Scrum Methodology, Azure DevOps

**Version Control:** Git and GitHub

**Business Domains:** E-Commerce, Service Industry, Sales, Management

**Non-Technical:** Dependable, Management, Sales, Likeable, Strategic Thinker

### WORK EXPERIENCE

---

**Software Developer Intern** | Prosper IT Consulting - Portland, OR

**7/21-8/21**

- ❖ Took part in a month-long internship With Prosper IT-Consulting while working with a development team to build and deploy websites using Scrum, Agile, Python, C#, JavaScript, SQL, SQLite, Visual Studio 2019, Django Frameworks. Shared responsibilities with version control, merging branches, debugging, and working with GIT. Tasked with creating an "About" page and linking the calendar event model to the "Production" page which connected to the database.

**Daytime Manager** | Triple Nickel Pub - Portland, OR

**8/19-10/20**

- ❖ Responsible for opening, training new employees, financial management, sales and supply orders from distributors, as well as maintaining a positive relationship with patrons.

**Assistant Manager** | Laughing Planet Cafe - Portland, OR

**7/17-11/20**

- ❖ Responsible for hiring and scheduling employees, maintaining and instructing a staff of up to 12 people, financial management, upkeep on supplies and orders to ensure the overall productivity of the restaurant, as well as developing and retaining a good relationship to ensure there were returning and satisfied patrons.
